Greek artillery gunners during a training exercise in the Attica region of Athens, in August this year. They have been training to use rocket-propelled grenades, which are less likely to hit civilians than mortars Greek artillery gunners have been firing more than 100 rockets a day at the Attica region, trying to improve their skills in the use of the rocket-propelled grenade

---

(RPG) and setting up new firing ranges. The Greeks say they need them in order to maintain the defensive line against Turkey's invasion into northern parts of Syria and to protect civilians and aid convoys in the region.

Greece's army says 20 soldiers are taking part in the programme and it will be expanded if the demand is high. State broadcaster ERT earlier showed an empty range in the district of Gargaliana. The Greeks have been firing near the border with Turkey, which has launched a series of retali
